

tudat::basic_astrodynamics
::MassRateModel

```
graph BT; A[tudat::basic_astrodynamics::CustomMassRateModel] --> B[tudat::basic_astrodynamics::MassRateModel];
```

The diagram illustrates an inheritance relationship between two C++ classes. A blue arrow points from the 'CustomMassRateModel' class (bottom) to the 'MassRateModel' class (top). Both classes are part of the 'tudat::basic_astrodynamics' namespace.

tudat::basic_astrodynamics
::CustomMassRateModel
