

tudat::system_models
::EngineModel

```
graph BT; A[tudat::system_models::DirectEngineModel] --> B[tudat::system_models::EngineModel];
```

The diagram illustrates an inheritance relationship between two classes. A light gray box at the bottom represents the base class, and a white box at the top represents the derived class. A blue arrow points from the base class to the derived class, indicating that the derived class inherits from the base class.
